Personal Details

- Date of Birth- 21th May, 2004
- Nationality-Indian
- Languages known: Bengali, English, Hindi
- LinkedIn - <https://www.linkedin.com/in/soumyadip-karak-2004s/>
- GitHub- <https://github.com/Soumyadip9575>
- PortFolio- <https://portfolio-24ff.onrender.com>

Career Objective

A highly motivated and detail-oriented Computer Science student specializing in AI and Machine Learning, with strong foundations in programming, data structures, and problem-solving. Skilled in Python, Database Management System and data- driven technologies, with hands-on experience through academic projects and internships. Familiar with SQL, databases, operating systems, cloud fundamentals, and ticketing concepts. Quick learner with excellent communication skills and a keen interest in Production Support and IT Operations. Seeking an opportunity to contribute in a fast-paced support environment.

Education

- B.Tech, Computer Science & Engineering: Brainware University, SGPA – 9.0/10 2023-2027
- 12th (Higher Secondary Examination): WBCHSE Board, 67% 2023
- 10th (Secondary Examination): WBBSE Board, 94% 2022

Technical Skills

- Programming Languages – C, Python, Java (Basic)
- Web Technologies – SQL, MySQL-8.4, HTML-5.1, CSS-3.0, Cloud Computing Basics
- Operating System: Windows, Linux (Basic)
- Tools: Git & GitHub, MS Excel, MS Office

Internships

- **Bootcamp and Internship training by NIELIT Kolkata** **May,2025- July,2025**
Completed Bootcamp and Internship Training conducted by NIELIT Kolkata, focusing on hands-on learning and industry-oriented skill development. Gained practical exposure to emerging technologies and real-world project implementation under expert guidance.
- **Bharat Gaming News, Geekglory Technologies Pvt. Ltd.** **Jul 2025 – Oct 2025**
Assisted in operational and management activities while coordinating assigned tasks. Enhanced communication, teamwork, and organizational skills in a professional work environment. Developed problem-solving abilities and learned to work efficiently under deadlines.
- **Samsung Innovation Campus: Artificial Intelligence** **Sep 2025 – Nov 2025**
Acquired knowledge of Artificial Intelligence concepts, machine learning fundamentals, and data-driven problem solving. Worked on practical AI learning modules and industry-oriented applications. Strengthened technical, analytical, and critical thinking skills through hands-on exercises.

Industrial Training

- **AI Smart Air Drone Innovation Camp - Brainware University** **Feb, 2026**
Learned the fundamentals of Artificial Intelligence and its applications in drone technology. Gained hands-on experience in problem-solving, teamwork, and innovation-driven project development. Developed analytical thinking skills through practical exposure to AI-based systems.

Academic Projects

- **Spam Email Detection** **November,2025**
A machine learning-based Spam Mail Detection system that classifies emails as spam or ham using NLP techniques and classifiers like Naive Bayes, SVM, and Logistic Regression. Built with Python, Scikit-learn and Pandas to ensure accurate and efficient email filtering.
- **Smart Home Automation** **April,2025**
IoT-Based Safety and Security System for Domestic Abuse Prevention. Technologies Used: Arduino Uno, Motion & Sound Sensors, Communication Modules. It is an Automatic Domestic Violence Alert System (ADVAS) designed to assist victims who cannot call for help during violent situations.
- **FinTech & Digital Economy** **March,2026**
The “Round-Up” Savings Simulator: Build a Dashboard that simulates a bank account. Every time a user “Spends” money in the app, the system calculates the spare change to the nearest 10 or 100 and moves it into a “Virtual Piggy Bank.”

Certifications

- Class Representative (CR)- Brainware University 2023–Present
- Samsung Innovation Campus – Artificial Intelligence November,2025
- Great Learning- Cloud Foundations May, 2026
- Infosys Springboard- HTML & CSS Course June,2025
- Spoken Tutorial Project at IIT Bombay-Python 3.4.3 Course January,2025
- Brainware University- TEXIBITION 2K26 Hackathon March,2026
- NPTEL(Elite) - Python For Data Science May ,2026

Soft Skills

- Communication Skills
- Problem Solving & Analytical Thinking
- Team Collaboration
- Time Management
- Adaptability & Quick Learning

Achievements

- Participated in Hackathons
- Technical Workshops
- Coding Competitions
- College Technical Events

Declaration

I hereby certify to the best knowledge and belief that this Curriculum Vitae correctly describes my Qualifications and Experiences.
